

Israel is the anti-genocide and anti-apartheid state

RE: Regunberg amplifying anti-Israel apartheid and genocide lies: Boston Globe 3/18/26

Regunberg has joined in lockstep with Israel- haters to smear the one and only indigenous Jewish State on the planet, Israel. He has parroted and amplified anti-Israel lies spewed by the Palestinian Authority (PA) and Hamas, the Iranian-proxy, fanatic ISIS-like group. Hamas terrorists embed themselves in hospitals, mosques and kindergartens, thus making these areas all legitimate military targets. There is no genocide in Gaza. Israel is the anti-genocide State, allowing millions of tons of humanitarian aid and food supplies into an active military theatre and warning Gazan civilians to flee out of harm's way.

There is no apartheid in Israel. Just walk out of any plane at Ben Gurion airport and you'll see Ethiopians, Christians, Muslims and Jews all waiting in the same lines, eating in the same cafes, and treated equally. Palestinian Arabs residing in certain areas are under full political and administrative control of the PA. Just as US citizens in New Mexico don't have voting and other citizenship rights in Mexico, Arabs living under the PA do not have the same rights as Israeli Arabs.

Demonization, delegitimization or double standards applied to the Jewish State constitute the 3 D's of Jew-hatred as coined by Natan Sharansky. AIPAC and other Jewish groups supporting Israel are not causing Jew-hatred, they are standing up against it.
